375. When did the Constituent Assembly adopt the National Anthem - **January 24, 1950**
376. Who is the father of computer - **Charles Bawes**
377. What are the messages sent by the computer to the Internet - **e-mail**
378. A nibble is equal to - **4 bits**
379. What is the fault in any program called - **bug**
380. How many bits is 1 byte - **8 bits**
381. On which day Computer Literacy Day is made - **2 December**
382. Who invented the computer mouse - **Douglas Engelbert**
383. What was the first computer name - **ENIAC**
384. What is the software that is used to allow internet sites to run - **Browser**
385. Data in a computer means - **Information**
386. Which is the smallest unit of computer data - **bit**
387. Which are the most powerful computer - **super computer**
388. Who is considered the father of Artificial Intelligence - **John MacArthur**
389. Where does the father of computer science - **Alan Turing**
390. Which keys are called Ctrl, Shift, Alt - **Modifier**
391. What is the main memory of a computer - **RAM and ROM**
392. Which are the computer languages used in Internet - **Java**
393. Which unit is used to measure the quality of a printer - **DPI**
394. What is Junk E-mail in Computer - **Space**
395. Software is known by what other name - **Program**
396. Which language is used for scientific work in computer - **Fortron**
397. Wi-Fi stands for Wireless- **Fidelity**.
398. Fortron is a complete form - **formula translation**.
399. Who created w.w.w - **Team Burner Lee**
400. CD is known by what name other than compact disk - **optical disk**
401. Which is the world's first computer network - **ARPANET**
402. How much time to sing the national anthem in full - **in 52 seconds**
403. Which is the national song of India - **Vande Mataram**
404. Who is the creator of national song - **Bankim Chandra Chatterjee**
405. From which novel is the national song - **Anand Math**
406. When and where the national song was first sung - **in 1896, at the Congress session (Kolkata)**
407. Who did the English translation of the national song - **Arvind Ghosh**
408. Who was the first person to sing a national song - **Yadunath Bhattacharya**
409. Which tiger was recognized as a national animal - **Pantheratigris**
410. What is the scientific name of the national bird peacock - **Pavon crystasis**
411. What is the scientific name of National Flower Lotus - **Nilumbo nucifera**
412. National Sentence - **Satyamev Jayate**
413. What is the scientific name of the national fruit mango - **Manigifera indica**
414. National Sweets - **Jalebi**
415. What is the scientific name of National tree banyan - **Ficus benthalsis**
416. National Heritage Animals - **Elephants**
417. What is the meaning of ATM in banking - **Automated Teller Machine**
418. Industrial revolution was first held in which country - **in England**
419. When did the General Insurance Corporation of India (GIC) start functioning - **January 1, 1973**
420. What is Value Added Tax - **a single tax which takes over state taxes like surcharge, turnover etc.**
421. Cenvat is related to - **Excise**
422. Who had proposed the termination preferential theory related to interest - **J.M. Keynes**
423. Unexpected expenditure from which fund can be made without prior approval of Parliament - **from the contingency fund of India**
424. The difference between visual export and scene import is called - **Trade Balance**
425. Who belongs to tertiary sector in Indian economy - **transportation of goods**
426. Real estate belongs to which sector - **III**
427. Bank services fall under which sector of economic activity - **tertiary sector**
428. Agriculture is under which sector of economic activity - **Primary sector**
429. National income includes - **Construction of new house**
430. Transfer payment includes gift received from a friend.
431. When was the 'Memorandum of Understanding' introduced - **1987-88**
432. Monopoly on the basis of price discrimination - **demand elasticity**
433. What is the situation in which total income equals total cost - **equilibrium level point**
434. What is a rare currency - **a currency that is not easily accessible**
435. The Economic Survey of India is published every year by - **Ministry of Finance**
436. What is the period of RBI's accounting year - **July to June**
437. Under increasing yields there is a supply curve - **left to right negative prone**.

438. The opportunity cost of producing an item is - **the next best alternative production abandoned**
439. What causes inflation - **increase in money supply and loss in production**
440. Additional values are equal to - **Difference between output and input**
441. Who benefits the most during the period of inflation- **entrepreneurs**
442. The psychological law of consumption states that - **Proportional increases in consumption are less than proportional increases in income.**
443. In which year was the minimum support price for food grains started - **1964**
444. Which is the most common route of investment by multinational companies in the countries of the world? - **Buying local companies**
445. Who was the author of 'Ghulamgiri'? - **Jyotiba Phule**
446. Which country is an example of a union that carries with it? - **India, Belgium, Spain**
447. In what year did Sri Lanka become an independent nation? - **4 February 1948**
448. Hirakud Dam is built on which river? - **Mahanadi (Odisha)**
449. Which is the most Purana petroleum producing state - **Assam**

623. What is called farming with animal husbandry- **mixed farming**
624. When was the program of high yielding varieties started in the Indian agricultural sector - **year 1966**
625. A method to identify the validity of a computer user is called off- **authentication.**
626. What is it called a sudden shutdown of a computer or a program- **Crash**
627. When you print and exit a computer from a computer, what are they called?- **Hard Copy**
628. Which network mediums are used in wide area networks - **communication satellite**
629. The exchange of data and information between two different or similar devices is called - **data communication.**
630. Which menu is selected for print- **File**
631. The name given by the user to the document is called - **File Name**
632. Which menu is selected to cut, copy and paste - **Edit**
633. Collection of related files is called - **Database**
634. Changing an existing document is called **of the document.**
635. Which grouping is used when formatting text in Word - **Tables, Paragraphs, Indexes and Sections**
636. What are the main system boards of a computer - **mother board**
637. How many bits are there in IPV6 Address - **128 bits**

638. What are the graphical transformations of any program called – **Flowchart**
639. Parallel port is used in a device- **printer**
640. Which Browser is made by Google Company – **Chrome**
641. What is the full form of USB in a computer- **Universal Serial Bus**
642. Which button is pressed to reload a web page in a computer?- **Refresh**
643. What are the main functions of UPS in a computer - **providing backup power after it is seeded.**
644. What is the key from 0 to 9 in the computer keyboard called - **Numeric Key**
645. The first counting machine was- **Abacus**
646. The name of the scientist who invented the mechanical calculator is- **Blaise Pascal.**
647. The world's first supercomputer was built – **1979**
648. Which generation of computers is a microprocessor – **IV**
649. What is the term of the employment situation in which the productivity of agricultural workers is zero - **hidden unemployment**
650. Long-term funds can be obtained in the capital market either by borrowing from certain institutions or by - **issuing securities.**
651. What did the people of Inan village eat - **wheat, joe, rice, lentils, peas, millet**
652. What did Aryans call their opponents - **Das or Dasyu**
653. Where kings were placed in Yakshas - **Raj throne or tiger skin**
654. According to the Varna system, which people did not have the right to study the Vedas - **Shudras and women**
655. Who used to sing the victory story of the king on the occasion of Yaksha – **charioteer**
656. Names of some of the district's pressures whose archaeological voyages were excavated - **Old Fort in Delhi, Hastinapur near Meerut in Uttar Pradesh**

817. When was the Green Revolution started in India - **1966-68**
818. Mixed economy means - **co-existence of private and public industries.**
819. What type of financial system is found in the country - **Federal finance system**
820. Durgapur Steel Plant is built in collaboration with - **Britain**
821. What is the literal meaning of the word Veda - **Knowledge / Holy and Spiritual Knowledge**
822. The word Veda is formed from which Sanskrit metal- **vid dhatu (meaning to know).**
823. What is the total number of Vedas - **4 Rigveda, Samveda, Yajurveda, Atharvaveda**
824. The currency whose demand increases more continuously than supply - **called hard currency**
825. The currency which supplies more than the demand in the international market - **is called soft currency.**
826. It is called by the government to replace the old currency with the new currency - **demonetization**
827. Methods of controlling inflation - **1. Demand control 2. Control over supply of money 3. Rationing of commodities**
828. Indian currency made fully convertible - **in the Union Budget of 1993-94**
829. Gilt Edged Market is related - **Gold-Silver / Bullion**
830. The objectives of the Reserve Bank of India's monetary policy - **1. Encouraging economic development, 2. Direct credit in desirable direction, 3. Controlling inflationary pressures**
831. Life Insurance Corporation of India (LIC) was established - **1956.**
832. Which continent has the highest population growth? - **Africa**
833. What is the repulsion factor? - **Water scarcity, unemployment, epidemics**
834. Which country is not a country with high human development? - **Egypt**
835. In which year was the first radio program aired? - **1923 June**
836. Which element is called 'Mother Nature'? - **Physical Environment**
837. Which one is the main reason for male migration in India? - **Work and employment**
838. Which one of the economic activities is the main economic activity of rural settlements? - **Primary**
839. Of the trade groups, India is a co-member of - **SAFTA**
840. Which city is a medieval city? - **Patna**
841. What is the insertion operation in the stack called? - **PUSH**
842. How many headings are in HTML? - **6**
843. Largest Heading? - **H1 (smallest heading-H6)**
844. What is a system designed to protect against unauthorized users on a network? - **Firewall**
845. C ++ was created by - **Byrne Strypstrup**
846. The name of a constructor is similar to whose name? - **Class Name**
847. A relation will be in 1NF, what value will it have in all its domains? - **Atomic**
848. What is a record also called? - **tuple**
849. On which rule is the stack based? - **LIFO**
850. What is a www client called? - **web browser**
851. Where do the early periods of history go - **Palaeolithic period**
852. In which period stone tools were first found - **Palaeolithic period**
853. Which civilization is famous for its town planning - **Indus Valley Civilization**
854. Which place of Indus Valley Civilization was situated on the banks of Indus River- **Mohenjodaro**

855. What was the local name of Mohenjodaro - **mound of the dead**
856. Where was the huge bath found- **Mohenjodaro**
857. Worship of Goddess Mata was related to- **Indus Valley Civilization.**
858. Which civilization had the ship Malghat at the place called Lothal - **Indus Valley**
859. In the Indus Valley Civilization, Kalibanga was famous for - **ceramics**
860. The main food of Vedic Aryans was- **Milk and its products.**
861. Which metal was first used by Vedic people- **copper**
862. Which three Vedas are jointly called 'Vedatrayi' - **Rigveda, Samaveda, Yajurveda**
863. Arya was successful in his struggles with the Aryans, as he used the chariot run by the horse.
864. The Rigvedic Aryans were pastoralists, this is confirmed by the fact - **there are numerous references to cows in the Rigveda, most of the wars were fought for cows, gifts given to priests were often cows and not land.**
865. Where is the oldest settlement of Aryan Janjans - **Sapta Sindhu**
866. In which details of the coronation ceremony have been done- **Aitareya Brahmin**
867. Where is the famous Gayatri Mantra taken from- **Rigveda**
868. Which Vidushi challenged the invincible Yajnavalavya in the debate- **Gargi**
869. By whom is the birthplace of Gautama Buddha inscribed - **"Rumindai Pillar" of Ashok Maurya**
870. Where was the first Buddhist Council held - **Rajgriha**
871. Buddha means attaining- **enlightenment.**
872. Buddhism left an important influence by connecting two sections of society with these classes - **women and Shudras.**
873. The requirement for the production of IC chips of computers is- **Silicon**
874. The name of the scientist who first used the punch card was- **Joseph Marie**
875. What layer of material is found on an integrated circuit chip - **silicon**
876. Received the first programmer's award - **Lady Augusta**
877. Where was the second computer Ural installed in India - **Indian Statistical Institute**
878. The most important research of information technology is - **Computer**
879. India's first computerized post office is located - **New Delhi**
880. Analytical engine manufactured by Charles Babbage- **Mechanical**
881. The first mechanical counting machine was invented - **1642**
882. Computer means - **doing the work of data-processing.**
883. What type of computer can be found in digital watch- **Microcomputer**
884. Personal computers can be connected together as- **network**
885. What is called a complete electronic circuit with transistors and other electronic devices on a small silicon chip - **Integrated circuit**
886. The storage that holds its data after the power is turned off, is called - **Non Volatile Storage**
887. is an electronic device that processes data and converts it into information - **processor**
888. The major component used in the third generation is- **integrated circuit.**
889. IMAC What is a type of- **modem**
890. Such computers which are portable and convenient for the traveling users - **Laptop**
891. Personal computers belong to which category - **Microcomputers**
892. The first mini-computer was- **PDP-8**
893. The first microcomputer was - **Intel-4004**
894. IBM's Computer Series based on Micro Channel Archana MCA - **PS2**
895. Where does computer go in Hindi language- **Computer**
896. Which generation computer is used in vacuum tubes- **First**
897. 'Anurag' - **Super Computer**
898. What beliefs do Buddhism believe - **The world is full of sorrows, if desires are overcome, nirvana will be attained, people suffer due to their desires.**
899. Early Buddhist Path were composed in which - **Pali Path**
900. The earliest Buddhist treatise in India is- **Yamsathapakasini**
901. Where did Buddha get enlightenment - **Bodh Gaya**
902. "Desire is the cause of all miseries" Which religion is promoting it - **Buddhism**
903. Who was Mahavira - **24th Tirthankara**
904. Who is believed to be the first Tirthankara of Jainism- **Rishbhadeva**
905. What is Jain literature- **Ang**
906. Famous Jain centers are located in South India- **Shravanabelagola**
907. The oldest iron age in India is associated with **painted gray pottery.**
908. Which first ruler was responsible for the rise of Magadha- **Bimbisara**
909. In ancient times, the language used to write source material was - **Sanskrit**
910. The name of the religious text of the Jews is- **Musa Sahib**
911. Mahabhashya wrote- **Pantjali**
912. Who drove the Greeks out of India - **Chandragupta Maurya**
913. Who was the son of Chandragupta Maurya - **Bindusara**
914. Where was the disturbance in the time of Bindusara - **in Taxila**
915. What event brought about a huge change in Ashoka's administrative policy - **Kalinga war**
916. Who is famous by the name of Devanampriya- **Ashok**
917. Who recorded the conversion of Maharaj Ashoka after the Kalinga war - **Rock Addix XIII**
